# GOV. FOSS LEADS **WILSON WELCOME**

Thousands in Springfield Greet the Candidate and Pack

Hall to Hear Him.

SPRINGFIELD, Mass., Sept. 26.-When Gov. Wilson arrived in Springfield to-day thousands of people greeted the Democratio candidate at the station and gave him a noisy welcome as he stepped from the train.

Gov. Foss of Massachusetts. Mayor Fitzgerald of Boston, Mayor Lathrop of Springfield and other Democratic leaders were on hand. The reception party led the candidate to an automobile which headed a procession to Court Square Theatre, where the Governor de-livered his address. Mayor Lathrop presided over the gathering, which packed the house to the doors.

Gov. Wilson was in fine form and kept his audience keyed to a high pitch

when his audience keyed to a high pitch of enthusiasm.
"Both the regular Republicans and the Irregular Republicans," said Gov, Wilson, in his speech, "are regular upon this point—neither of them fails to stand pat on the tariff and neither of them proposes to remedy the evils which are created by the trusts. They propose a remedy that perpetuates the disease.

"I have been reading the messages which Mr. Roosevelt sent to Congress in which he adverted to this theory when legislation on this subject was being considered.

when he adverted to this lineary when legislation on this subject was being considered.

"In almost every instance, he says—and still says—trusts have come about through a natural development of busmess conditions and that it is a mistake to try to oppose the process by which they have been built up and that the only thing to do is to accept them as inevitable arrangements and make the best of it by regulation."

I answer that that results from a confusion of thought. Big business on a great scale is inevitable and desirable, but it is a different matter from the development of trusts. The trusts have not grown, but have been manufactured by the deliberate will of men more powerful than their neighbors in the business world. I deny and they claim the trusts are inevitable."

The Governor was in Springfield just an hour, leaving for Barre, Mass.

"The foundation of our life is business, and the party that can not take care of the special interests."

A man cannot seems God on an empty stomach. He cannot feed those who are depending upon him, and I must say that my heart goes out to the great struggling mass of people in this country who are always anxious about what the morrow is going to bring forth; therefore, I would consider myself without excuse if I were taking part in a programme which would seriously disturb legitimate business in this country or take away from a man his proper opportunity."

#### CHICAGO IS ALL ASHIVER; MERCURY TAKES A SLUMP.

CHICAGO, Sept. 26 .- Overcoats in offices threatened to become the rule among Chicago business men to-day.

From 72 at noon yesterday the mercury
fell at the rate of a degree and a half
sn hour and rapidly approached the
freesing point. As leases in skyscrapers
and apartment houses fix Oct. 1 as the
time for beginning steam heat the cold time for beginning steam heat the cold offected people in thousands.

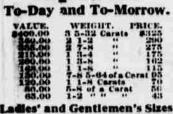

One family which included three email children removed temperarily

from a flat in which there was no heat and passed the night in the waiting room of the La Salle Street Railroad Station. Their landlord had refused steam until Oct. 1.

Here Are the Best Piano and Player-Piano That Have Yet Been Made to Sell at Their Prices

Both of these instruments were built with a definite object in view—to represent the very maximum of quality and excellence possible to give in pianos at their prices. And if there are two pianos in their respective fields to-day, at the same prices, that equal them, we have been unable to find them.

If you want a GOOD piano at a LOW price, there is positively no need for you to look further than the Kirchhoff or the Caldwell. We say this conscientiously—and we stand by our claim with a GUARANTEE.
